

## FREE STATE REPORT BACK

Activities	What is good	What is bad	What is missing
<b>Inter sectoral collaboration of stakeholders</b>  <b>After 1<sup>st</sup> Indaba</b> <ul style="list-style-type: none"> <li>• Task team was established</li> <li>• Report written and presented to Depts &amp; JCPS Cluster.</li> <li>• Various Provincial structures exist (VEP, IDC, IDT).</li> <li>• task team will meet to discuss which forum will best address the management of sexual offences matters.</li> </ul>	Provincial buy-in for establishment of TCCs	Taskteam not sustained after those processes	No provincial IDMT
	TCC in existence	At night there is longer waiting period because staff has to be called from casualty	
	Intersectoral committee developed and workshopped protocols for the TCC.		Protocol has not been signed off
<b>Effective, comprehensive and sensitized service delivery (incl Accessibility)Tshepong TCC</b>	TCC staff appointed	There is a lack of intermediaries. Lab reports take too long.	No ownership of authority over intermediaries
	FCS structures are in place	FCS no longer a dedicated unit	Coordination of specialised cases, lack of skills and

	Direct communication between the police station and the FCS stand-by member		services
		Lack of prosecutors and specialized courts	Specialised skills, services and prompt response
	TCC Case Manager recently appointed	Case flow management by the judiciary impacts on prioritization of sexual offences	Communication among the judiciary, prosecution and police
	Provision of social services for 24 hours (Childline)		
		Non recognition of forensic nursing qualification	
<b>Resources and capacity (incl TCC)</b>	Intergrated services were in existence before the TCC	None	None
	TCC Site in existence	Structure not refurbished yet and therefore no office space	Telecommunications like computers, fax, telephone etc
		Lack of support staff during the weekend and after hours	No 24 hour support staff
		Forensic nurses do not have sufficient support from doctors at the hospital
