### Supreme court rejects appeal by Tigon accused

The supreme court of appeal yesterday turned down an application by fraud accused Gary Porritt, the former chief executive of Tigon, and Sue Bennett, a former director of Tigon and of PSC Guaranteed Growth fund. It ordered them to pay the costs of two state counsels after it found that a police search and seizure at their premises was lawful and constitutional. Porritt and Bennett face charges of contravening the Income Tax Act, the Companies Act, the Stock Exchange Control Act, the Prevention of Organised Crime Act and the exchange control regulations. – Wiseman Khuzwayo
