

Western Cape

Activities	What is good	What is bad	What is missing
<p><b>Inter sectoral collaboration of stakeholders</b></p>	<p>-National IDMT</p>	<p>-Lack of national MOU on TCC's results in some provincial departments resisting development, implementation, roll out and management of TCC's</p>	<p>-National MOU binding all departments on the TCC project                      -This MOU must filter down to all provinces (This will give guidance to and in some instances bind provincial departments to implement the project)</p>
	<p>Indaba – recommendations flowing from it</p>	<p>-No clarity on 'status' of Indaba and to where the recommendations will go i.e. the mandate of the Indaba?</p>	<p>-Mandating process</p>
	<p>-Existing GJF</p>	<p>-What is needed is a more focused plan for GJF for GBV issues</p>	<p>-No consistent reps from each dept.                      -No senior representation at forum or rep with a mandate.                      -Not enough civil society reps.                      -Sub committee from forum specific for TCC's (working group committee).</p>
	<p>-Good local structure (case flow management meeting)</p>	<p>-No or little communication between VEP structures and GJF.                      -No dissemination of information or communication from prov. govt. to local level also.</p>	<p>-Intersectoral collaboration at local level.                      -Gender based violence agenda on case flow management meetings (need to look at NGO participation at this forum).</p>

			<ul style="list-style-type: none"> <li>-from Within govt. dept's to local level.</li> <li>-Strengthened communication GJF and VEP structures to reach wide number of NGO.</li> </ul>
	-Draft TCC protocols for Manenberg TCC	-SLA's for TCC	-Provincial sign off for both
	-Audit for health facilities, court, and CSC's	-Finalized Report not available yet.	-Prioritized sites to be taken to province for confirmation
	-Identified a site previously George	-Nothing done in terms of roll out	-Resources and funding not available
		.	
<b>Effective, comprehensive and sensitized service delivery (incl. Accessibility)</b>	<ul style="list-style-type: none"> <li>-Existence of specialized services SOC, designated health personnel, FCS officers and TCC.</li> <li>-TCC a good model.</li> <li>-Detectives at crime office to identify cases easier than officer at CSC and then refer to FCS.</li> <li>-Structure of FCS is strong in the province.</li> </ul>	<ul style="list-style-type: none"> <li>-Watering down of these services. SOC- other matters on the roll. FCS- possibility of decentralization.</li> <li>-Capacity problem in SAPS cannot give effect to this as efficiently as should.</li> </ul>	<ul style="list-style-type: none"> <li>-Dedicated engagement with judiciary re dedicated courts for sexual offences.</li> <li>-Strong front line police in terms of dealing with cases at CSC's as well as NGO's feeding into those CSC's.</li> <li>-Strategy for this needed in the province.</li> </ul>
	<ul style="list-style-type: none"> <li>-Referral mechanisms in place @ TCC and Simelela strong in those areas.</li> </ul>	<ul style="list-style-type: none"> <li>-No DSD rep at TCC meetings</li> <li>-Access to DSD and NGO psycho-social support services are lacking in most</li> </ul>	<ul style="list-style-type: none"> <li>-Looking at client's holistic well being.</li> </ul>

		areas.	
	-Uniform standards exist across departments.		-Although uniform standards exist still different standards are practiced. -Absence of existing monitoring of implementation of services. -GJF role to oversee monitoring
	-Wealth of existing expertise for capacity building (training).	-Lack of training in rural areas.	-Who are the specialists who can provide training in order to provide effective services to victims  -Lack of training, especially in rural areas. -Lack of social context in training (focus is procedural)
	-There are outreach programs for various departments.	-Out reach programs are insufficient.	-Stronger out reach programs on GBV necessary.
<b>Resources and capacity (incl Infrastructure)</b>	-Specialization is recognized in the province		-Lack of resources in terms of specialized services
		-No roll out for George. -Lack of prioritization of rural areas for TCC roll out.	-Lack of funding for George
	-We have donor funding -Government already funding TCC's.	-Government funding not recognized -Sustainability of resources (funding for setting up, other departments needed for sustainability). -Commitment	-Ongoing responsibility on departments in relation to TCC rollout. (Must be a part of their budget).

		from departments at National level but need funding from province, specific to budgets (since budgets have been allocated already)	
	-Simelela a good resource		-How do we utilize and support a resource like Simelela
	-Data collection at TCC in terms of case manager database		-Standardized data information system regarding GBV for province. - standardized M&E system
