Further to information that has already been furnished I wish to add further details as to what was stolen out of van Wyk's chamber:

- Van Wyk's laptop and certain personal documents
- Shanavas Khan's finalised case docket
- Copies of documentation relating to Robert McBride's investigation pertaining to my area of jurisdiction (prima facie, it has nothing to do with the Pretoria trial).

The said documents refer to several case dockets. I wish to emphasise that these cases are still in the investigation phase and the details thereof cannot be divulged at this stage. Some of the cases being investigated relate to charges of attempted murder, fraud and defeating the ends of justice.
