**SECTION 6**

**TERMS OF REFERENCES: APPOINTMENT OF SERVICE PROVIDER TO SUPPLY AND INSTALL AN INTERGRATED SECURITY SYSTEM FOR DPP CAPE TOWN OFFICE AS WELL AS THREE (3) YEARS MAINTENANCE PLAN AND SUPPORT.**

**1. PURPOSE OF THE BID**

1.1 The purpose of this bid is to appoint a service provider to supply, install and maintain security systems at the DPP Cape Town Office.

**2. BACKGROUND**

2.1 The current CCTV (Closed circuit television) system comprising of 20 analogue cameras is partially defective and inadequate in both quality and coverage. The basis of deploying a CCTV system in the building should be the rendering of adequate video streamlining for live viewing of motion in selected areas to assist with the movement of people and assets within the building.

**3. SCOPE OF WORK**

3.1 The current resolution of the CCTV system is not adequate for identification purposes and the structured coverage of flow through the building. In the execution of this project, the service provider will be required to render the following elements of service requirements:

**3.1.1 A dual-monitoring node application i.e.**

The establishment of two (2) operator stations to monitor split critical functions, each station equipped with multiple screens for standard and spot monitoring to allow for a viewing station for pure surveillance i.e. based on the operator using his/her own initiative to only "look" at the images and attempting to detect anomalies – lowest level of CCTV surveillance.

**3.1.2 Another station for analytics-based monitoring i.e.**

The application of analytics to generate an audible or visual trigger if sets of criteria are not met i.e. missing object, intrusion, video loss etc. categorised as system and event types applying exception reporting by the application of video analytics and rule-based compliance measurement as well as system status and review.

3.2 Allow for preventative notification within the security function by means of an interface node for the status monitoring of the CCTV platform.

3.3 To allow for activity information retrieval as and when required.

3.4 To facilitate a secure viewing station for authorised individuals who require to view and copy recorded material for investigative purposes.

SECTION 11

SBD 9

**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

1. This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. Disregard the bid of any bidder if that bidder or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. Cancels a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996.   - or

- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a *pro-rata* basis.
- 1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.
- 1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

**2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY**

- 2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of R10 million (ten million Rands), submit details of such a contract to the DTI for reporting purposes.
